About STAS

STAS Inc. is a Canadian based company specialized in the development, fabrication and commercialisation of process equipment for the global aluminium industry.

Since 1989, we have been providing aluminum producers around the world with **innovative and technologically advanced solutions** that meet the highest demands of the industry.

We are a world leader in providing various equipment to improve productivity and the quality of molten aluminium in several areas of the aluminium production: carbon, electrolysis, casthouse and crucible shop.

We have delivered more than 1500 equipment units and thousands of projects in more than 40 countries, making us a **key supplier**.

Our presence in the aluminium industry

CARBON

3D Anode Butt Inspection System

3D Anode Stub Inspection System

Covered Anode Tray

ELECTROLYSIS

Pot Ramming Machine

Siphon Pipe Cleaner

Covered Anode Tray

STARProbe™

CRUCIBLE SHOP

Hot Aluminium Crucible Cleaner

Siphon Tube Cleaner

Siphon Pipe Cleaner

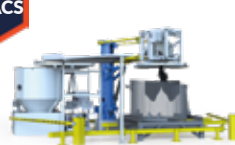

Aluminium Crucible Preheater

CASTHOUSE

Treatment of Aluminium in Crucible®

Hydraulic Aluminium Crucible Skimmer

Robotic Aluminium Crucible Skimmer

Continuous inclusion monitoring

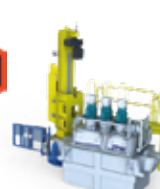

Rotary Flux Injector®

Aluminium Compact Degasser®

Flux Feeder for Degasser®

Aluminium In-line Refiner

Deep Bed Filter®

Advanced Compact Filter

Inert Gas Dross Cooler®

3D Billet Surface Inspection

Ingot Casting and Stacking

Sow Casting and Stacking

Our global footprint and network of partners

STAS maintain a global presence in all strategic regions where aluminium is produced. To be closer to our customers, with our joined forces, long and recognized expertise and dedicated team committed to your success, we bring a key added value to your production.
